**AEROSPACE
EDUCATION**

calendar

November

- 9 - Florida Ass'n of Aerospace Educators fly-in meeting, Embry-Riddle Aeronautical University, Daytona Beach, FL.
- 10-14-27th Annual International Air Safety Seminar, "Human Factors in Safe Flight Operations," Flight Safety Foundation, Williamsburg Inn, Williamsburg, VA.
- 11-15-American Ass'n of Airport Executives/Federal Government Symposium, Washington, DC.
- 12 -Anniversary (1906) of the first flight by an airplane in Europe, by Alberto Santos-Dumont in France.
- 12-13-AOPA Aviation Mechanics Refresher Clinic, Los Angeles, CA.
- 12-14-Aerospace and Aeronautical Meteorology Conference, American Meteorological Society, El Paso, TX.
- 12-14-AOPA Flight Instructor Refresher Course, Baltimore-Washington, DC.
- 14 -Anniversary (1910) of the first takeoff of an airplane from a ship, by Eugene Ely from the USS Birmingham.
- 15-17-AOPA Private Pilot and Instrument Rating Written Courses plus Updater, Atlanta, GA (includes Flight/Ground Instructor Course); and Seattle, WA (includes Practical Aviation Weather).
- 16-17-AOPA SKY-SAFE Course, Tucson, AZ.
- 17-21-Winter Annual Meeting, American Society of Mechanical Engineers, New York, NY.
- 18-21-4th Conference on Weather Modification, American Meteorological Society, Fort Lauderdale, FL.
- 18-21-Aviation Distributors and Manufacturers Ass'n meeting, Hotel Del Coronado, Coronado, CA.
- 19-21-AOPA Flight Instructor Refresher Course, Callaway Gardens, GA.
- 20-21-1974 annual assembly meeting, Radio Technical Commission for Aeronautics, Washington, DC.
- 21-23-National Science Teachers Ass'n area convention, Sheraton-Park Hotel, Washington, DC.
- 22-24-AOPA Private Pilot and Instrument Rating Written Courses, plus Updater, San Antonio, TX; Baltimore, MD; and Minneapolis, MN (latter two include Practical Aviation Weather).
- 28-Dec. 1-National Collegiate Parachuting Championships, Deland, FL.
- 29-Dec. 1-AOPA Private Pilot and Instrument Rating Written Courses plus Updater, Detroit, MI (includes Practical Aviation Weather); Fort Lauderdale, FL (includes Flight/Ground Instructor Written Course); and Chicago, IL (includes ATP).

December

- 4-7 -3rd International Agricultural Aviation Conference, Las Vegas Hilton and Convention Center, Las Vegas, NV.

- 5 -Encounter of Pioneer II with Jupiter; will pass within 25,000 miles of the giant planet.
- 6-8 -AOPA Private Pilot and Instrument Rating Written Courses plus Updater and Practical Aviation Weather, Atlantic City, NJ.
- 10-13-144th meeting, American Astronomical Society, Gainesville, FL.
- 13-15-AOPA Private Pilot and Instrument Rating Written Courses plus Updater, Washington, DC, and Kansas City, MO (includes Flight/Ground Instructor Written Course).
- 17 -Sixty-first anniversary (1903) of the first sustained flight of a heavier-than-air craft, made by the Wright Brothers at Kitty Hawk, NC.

1975

January

- 13-18-Helicopter Operators Management Course, Helicopter Ass'n of America, Disneyland Hotel Convention Center, Anaheim, CA.
- 19-22-27th annual meeting and convention, Helicopter Ass'n of America, Disneyland Hotel Convention Center, Anaheim, CA.
- 20-22-13th Aerospace Sciences Meeting, American Institute of Aeronautics and Astronautics, Pasadena, CA.
- 26-31-American Association for the Advancement of Science annual meeting, "Science and the Quality of Life," Americana Hotel, New York, NY.
- 29-31-Joint annual meeting and physics show, American Ass'n of Physics Teachers and American Physical Society, Anaheim Convention Center, Anaheim, CA
- 30-Feb. 2-National Soaring Convention, St. Francis Hotel, San Francisco, CA.

- February-Launch of the second Earth Resources Technology Satellite (ERTS-B).

- March 20-24-23rd National Science Teachers Association National Convention, "Man, Science, Society: An Alliance of Hope," Los Angeles, CA.

- April 2-6-NATIONAL AEROSPACE EDUCATION CONGRESS, Fountainbleau Hotel, New Orleans, LA.

- July-Launch of the Earth-orbital mission of the joint US-USSR Apollo-Soyuz Test Project to rendezvous and dock the spacecraft.

- Aug-Sept.-Launches of two Viking spacecraft to orbit and land on Mars to conduct scientific studies of the Martian atmosphere and surface, emphasizing the search for extraterrestrial life.
